Your Tour Guide

I am Thomas, the founder of World Guides. I have been a teacher of Human Sciences for most of my professional life. During this work, I discovered the transformative power of travelling — not only for myself, but especially for my students and colleagues. That's when I decided to dedicate myself to bringing these meaningful experiences to as many people as possible.

I try to join most of the tours we organise, guiding the groups myself and providing on-the-road assistance whenever needed.

My favourite destination? Rome — it truly feels like a second home. My favourite country to travel to? Scotland or the Netherlands.
